

Junior gardeners plant at library

The May meeting of the Community Garden Club of Duxbury's Junior Garden Club was both educational and whimsical. The girls placed a "fairy chair" in their garden behind the Duxbury Free Library, and surrounded it with their morning glory plants, which were grown from seed. As the spring and summer progress, these morning glories will wind their way around the chair for a beautiful focal point in the garden. Additionally, members created their own herb garden consisting of basil, thyme, oregano and sage to bring home for their kitchen windows. These herbs will be perfect complements for summer salads and recipes. Also, all the junior gardeners will be
